POLICY

A special needs trust is designed to cover the expenses of goods and services that are supplemental to a beneficiary's basic needs (food and shelter). Basic food and shelter expenses should be provided through a beneficiary's Social Security Disability payment or Supplemental Security Income.

Distributions may be requested in various ways, including: in advance of expenditures; as a reimbursement for expenses; or as a direct payment to vendors. **All expenditures must be verified by the original receipts.**

PROCEDURES

In order to request a distribution from an individual's account with ACT, the following procedures need to be followed:

1. The beneficiary or their representative must submit a Fund Request form to request a distribution. All supporting documentation (original receipt, invoice, bill, letter of explanation, etc.) should be included. For large or unusual purchases, prior approval should be obtained.
2. The Trust Administrator assigned to the account reviews each request to determine its appropriateness in light of the Trust's terms and any benefits that the Beneficiary may be receiving. If the request is approved, the funds from the trust account are released for payment to the vendor, service provider, or person for whom reimbursement is sought.
3. In most cases, a check should be received within 7 to 10 business days following receipt, review and approval of the Fund Request. For reimbursements you are able to sign up for ACH payments.
4. Depending upon the nature of the request, the request may be paid through ACT's business credit card. For such requests, after the payment is authorized on ACT's card, the funds are deducted from the Trust.
5. Original & detailed receipts for items purchased must be sent to ACT in order to verify the use of the trust funds. Credit card statements should be accompanied by the original receipts. Copies can be sent for services such as telephone, cable and medical bills.
6. Receipts should be submitted on a monthly basis. Receipts that are held for an extended period of time may not be reimbursed.
7. All requests for gas or mileage (Mileage form) should be discussed in advance of submittal.
8. Any request for a trip/vacation should be discussed in advance. It is highly recommended that you utilize a travel agent.
9. Services, such as attendant care, respite or case management, must be discussed in advance of submittal. The service provider's name and address are required when completing the form. The service provider's signature and the signature of the Beneficiary or their designee are required.
10. For Beneficiaries who use ACT's restricted debit card service, cards are loaded with trust funds monthly following review of receipts for purchases made in the prior month. Please refer to the instructions for further information regarding issuance and use of restricted debit cards.
